## Crime Prevention Hot Topic

### Child Sexual Exploitation' - What is it?

CSE is when anyone under the age of 18 engages in sexual activity in return for something such as food, cigarettes, alcohol, drugs, accommodation, drugs, money, or affection.

This is illegal and is a process of grooming where the abuser will target you to make you feel loved or wanted as though the relationship is normal when really you are being controlled through intimidation, fear or violence. It can happen to boys as well as girls, from any background or any ethnicity, anywhere in the world, including here in Hampshire, the Isle of Wight, Portsmouth and Southampton.

You can find out more information and hear stories from young people by clicking on the 'You are not alone' logo above.

## Survey: Our Service to Young People

We have developed a survey to give young people the opportunity to express their views about their experiences with Police and Police staff from Hampshire Constabulary. Working together is an important step to help us to identify where there is a need to improve the service we provide to you.
