POLICING THE PANDEMIC:

Exploring young people’s experiences and recommendations

This new youth-led project is working across England and Wales to:

- Examine young people’s experiences of policing during the COVID-19 crisis
- Involve young people in developing solutions to improve the policing approach, now and in the future.

We are asking 13-25 year olds to tell us what they think via a simple questionnaire: tinyurl.com/ybkqyxhl

Deadline 5 June.

Responses will be used to produce national recommendations for change for police forces, PCCs and partner agencies.
